

October, 2021

Dear Parents and Carers,

Please find Week 2 hard copy work sheets to support the timetabled activities. The activities offered in this bundle are to support choice with activities in addition to the digital activities to support students working towards their individualised learning goals

Students are not expected to complete all the activities in this pack as there are some work sheets that might be too difficult. It is to support choice. You may change or halve the amount on a work sheet to support your child or participate with play dough, toys, cards, dice or other items.

Please continue to upload students work samples or photos of participation to Class Dojo in the portfolio tabs as this is used as evidence for attendance and participation. You are welcome to message a 'hello' in the comments box of the daily post. Teachers and SLSO's will continue to check in with families a few times per week.

If you have any questions please contact your teacher via Class Dojo or ring the school to request the teacher contact them. Happy learning! From the staff of the Support Unit.
