12	5	16	24	8	3	30	12	10	16

How to Play

Object of the game: Have the most squares coloured/crossed at the end

What you need: 2 dice (6-sided), Different coloured highlighter or whiteboard texta for each player

- Instructions:**
1. Players take turns to roll the dice and multiply the total eg. 6 and 4 = 24
 2. The player looks for the product eg. 24 on the squares board and draws ONE line connecting any two dots surrounding that number as shown
 3. Players continue taking turns.
 4. When a player draws a line that completes a square, that player colours or crosses in the square with their marker.
 5. If a player rolls a product that has no more available squares they miss a turn.
 6. Once all squares are coloured, players count how many squares they each have.
 7. The player with the most squares wins.

AREA GAME

How to Play

Object of the game: Have the most squares coloured/crossed at the end

What you need: 2 dice or cards, Different coloured highlighter or whiteboard texta for each player

Instructions:

1. Players take turns to roll 2 dice or flip 2 cards.
2. Use the numbers to draw the perimeter of a rectangle and write the area inside.
3. The game ends when there are no more squares left.
4. The winner is the player who covers the largest area (covers the most squares).

BOGGLE

How many words can you make?

Boggle Board

M	A	P	O
E	T	E	R
D	E	N	I
L	D	H	C

SCORE

Word Points
 3 letter- 1 point
 4 letter- 2 points
 5 letter- 3 points
 6 letter- 4 points
 7 letter- 5 points
 8+letter- 6 points

Boggle Board

c	e	h
r	k	a
m	d	n

Boggle Board

f	o	u
l	g	a
p	t	b

Number of the DAY

Make your own number, roll dice to create a number, ask a family member for a number or use a number generator online. It can be a whole number or decimal.

Today's Number Is:

Circle one:

Odd Even

Expanded form:

Addition!

+ 10 = _____

+ 100 = _____

+ 1000 = _____

Subtract!

- 10 = _____

- 100 = _____

- 1000 = _____

Multiply!

x 10 = _____

x 100 = _____

x 1000 = _____

Divide!

÷ 10 = _____

÷ 100 = _____

÷ 1000 = _____

Round the number to the nearest:

Ten: _____

Hundred: _____

Thousand: _____

Compare!

_____ $\begin{matrix} < \\ = \\ > \end{matrix}$ _____

WRITE THE NUMBER IN WORDS

Double it!

Halve it!

Write a word problem where the number is the answer

Write some of the factors of the number:
